FLIPNOTE

As a growing brand, we are excited to share our success stories with our partners who are the catalyst of our growth. It has been a long and enriching journey with each milestone testifying our commitment and drive to excel. Following the launch of **VIZSTORE**, we are all set to launch the web version of the application this month.

**Partner,
Head of Product**

Solving the problems of retailers in the furniture and furnishings industry, this technology aims to revolutionize traditional retail commerce. The initial response to the product has been overwhelming across geographies and we are convinced that the web version rollout will further fuel the momentum.

With that said, the team at Flipspaces continues to evolve and adapt to changing dynamics & unlock potential opportunities while creating value for our shareholders.
